

PC: Office of Communications, IISc.

Seasons' Greetings!

2020 will be seared in our memories as a strange and challenging year that fundamentally changed many aspects of our work and personal lives. At the Office of Research Grants, we tried to adapt to these times and worked to launch the office. We helped set up procedures to streamline grants information disbursement and help manage submissions. As we look ahead, the experiences of this past year give us hope for better times and new opportunities. We are pleased to receive your comments and feedback to help you achieve your research goals through professional grants management. We thank you for your support and wish you happy holidays, and a wonderful and healthy year ahead.

With warm wishes,
Team ORG

Please contact Dr. Jinu Mathew for specific queries at office.org@iisc.ac.in.

Research Grants

Conservation, Food & Health Foundation Grant

Overview: Funding support in the areas of natural resources, production and distribution of food, and public health in Asia, Africa, Latin America, and the Middle East.

Submission Deadline: 1 January, 2021.

Global Grand Challenges Integrating Tradition and Technology for Fermented Foods for Maternal Nutrition

Overview: Funding for pilot projects to investigate the effect of traditional fermented foods on key microbiome, gut, and health biomarkers in local populations.

Submission Deadline: 6 January, 2021.

ADB Technology Innovation Challenge for Transport

Overview: Support innovative tech-based solutions to improve security and promote health & hygiene for public transport users.

Submission Deadline: 8 January, 2021.

DST-PSA National Geospatial Programme (NGP)

Overview: To promote area specific geo-spatial analytics in the sectors of migration, employment generation, strengthening of livelihood, resource mapping for community resilience, etc.

Submission Deadline: 9 January, 2021.

Nestle Foundation Research Grant

Overview: Research funding in the areas of public health and nutrition.

Submission Deadline: 10 January, 2021.

Olam International Prize for Innovation in Food Security

Overview: To support transformational research in global agriculture with immediate impact on food availability, affordability, adequacy, and accessibility.

Submission Deadline: 11 January, 2021.

BIRAC -Mission COVID Suraksha Scheme

Overview: Research grant for regulatory toxicology studies, manufacturing clinical trial material, and clinical development for the licensure of COVID-19 vaccine candidates.

Submission deadline: 15 January, 2021.

ADB Re-establishing Tourism Confidence through Innovative Digital Solutions

Overview: Support digital solutions for real-time updates on COVID-19 health and safety protocols, integrated travel planning tools and creative digital marketing campaigns to support Southeast Asia's tourism recovery in the wake of COVID-19.

Submission Deadline: 17 January, 2021.

Innovative Methods and Metrics for Agriculture and Nutrition Actions: Competitive Research Grants

Overview: Funding to develop or validate innovative methods and metrics for agriculture and nutrition actions.

Submission Deadline: 21 January, 2021.

Culture & Animals Foundation's Grant Program

Overview: Grants to build a deeper understanding of human-animal relationships.

Submission deadline: 31 January, 2021.

ADB COVID-19 Vaccine Safety and Immunization Monitoring Grant

Overview: Support for digital technologies to boost COVID-19 vaccine demand, help dose tracking, and monitor mild and adverse events.

Submission deadline: 31 January, 2021.

Bilateral Research Grants**NIH-NIEHS Utilizing *In vitro* Functional Genomics Advances for Gene-Environment Discovery and Validation**

Overview: Support proof of principle studies relevant to environmental health and toxicology communities using high throughput techniques.

Submission deadline: 2 January, 2021.

NIH Dissemination and Implementation Research in Health

Overview: Funding for innovative approaches to overcome barriers to the adoption, adaptation, integration, scale-up, and sustainability of evidence-based health interventions, tools, policies, and guidelines.

Submission deadline: 5 January, 2021.

NIH Alzheimer's Clinical Trials Consortium (ACTC)

Overview: Research grants to develop and implement clinical trials of pharmacological and non-pharmacological interventions that may prevent, delay, or treat Alzheimer's disease (AD) and other age-related dementias.

Submission deadline: 5 January, 2021.

U.S.(FDA) Physiologically Based Pharmacokinetic (PBPK) Models Grant

Overview: Development of models to understand the absorption of active ingredients applied as dermatological drug products through skin.

Submission deadline: 6 January, 2021.

NIH Mood and Psychosis Symptoms during Menopause Transition

Overview: To encourage mechanistic and translational research on the onset and worsening of mood and psychotic disorders during menopausal transition.

Submission deadline: 9 January, 2021.

DST-CEFIPRA Collaborative Scientific Research Programme

Overview: Support for collaborative research in advanced areas of basic and applied science.

Submission deadline: 15 January, 2021.

NIH-Prevention and Intervention Approach for Fetal Alcohol Spectrum Disorders

Overview: Funding support for research advances in prevention approaches to reduce prenatal alcohol exposure and the incidence and interventions for fetal alcohol spectrum disorders (FASD).

Submission deadline: 19 January, 2021.

Wellcome Trust Joint Health Systems Initiative

Overview: To promote collaborative research for improving health systems in low- and middle-income countries.

Submission deadline: 19 January, 2021.

Darwin Initiative Partnership Projects 2020

Overview: Research grant for projects that focus on conservation and biodiversity in developing countries.

Submission deadline: 19 January, 2021.

NIH Advanced Development and Validation of Emerging Biospecimen Science Technologies for Basic and Clinical Cancer Research

Overview: To improve the quality of biospecimen used for cancer research or clinical care.

Submission deadline: 22 January, 2021.

NIH Advanced Development and Validation of Emerging Molecular and Cellular Analysis Technologies for Basic and Clinical Cancer Research

Overview: Grants to assess molecular and cellular features of cancer biology for basic or clinical research.

Submission deadline: 22 January, 2021.

NIH Innovative Molecular and Cellular Analysis Technologies for Basic and Clinical Cancer Research

Overview: Funding for early-stage development of highly innovative technologies offering novel molecular or cellular analysis capabilities for basic or clinical cancer research.

Submission deadline: 22 January, 2021.

Simons foundation Collaboration Grants for Mathematicians

Overview: Funding to cover travel and related expenditure to promote collaborations.

Submission deadline: 28 January, 2021.

Early career Grants**Nestle Foundation Re-Entry Grants (REG)**

Overview: To encourage the return and re-establishment of post-graduate students into careers in their home countries in the area of public health and nutrition.

Submission deadline: 10 January, 2021.

Research Enrichment Grants**Wellcome Trust Research Enrichment-Public engagement**

Overview: Funding to support Wellcome grant holders to use public insights to develop their research.

Submission deadline: 12 January, 2021.

Wellcome Trust Diversity and Inclusion and Inclusion Grant

Overview: Funding to enable Wellcome grant holders to identify and tackle barriers to diversity and inclusion in their work.

Submission deadline: 12 January, 2021.

Student Grants**Nestle Foundation Training Grant**

Overview: Funding support for M.Sc. or Ph.D. thesis projects in the area of public health and nutrition.

Submission deadline: 10 January, 2021.

IUSSTF-VITERBI Program

Overview: Fellowship for Indian students to undertake virtual research internship at the Viterbi School of Engineering.

Submission deadline: 11 January, 2021.

Equipment and Resources Grant**Wellcome Trust Multi-user Equipment Grant**

Overview: Grant to purchase multi-user equipment.

Submission Deadline: 12 January, 2021.
