Funding Newsletter from the Office of Research Grants

Issue 18 | March 2022

Hello campus researchers!

Welcome to another edition of STREAM.

There is a lot more buzz in the campus now. This is not just to do with the research community being back in action but also the season. The blooming yellow Tabebuia adds to the existing blooms as we celebrate the Founder's Day month at the Institute.

Do keep a look out for some of the International and bilateral calls for which the deadlines are in April. This includes the DST GITA Indo-Taiwan call, the IGSTC 2+2 call, the ICMR Indo-Swedish call, UKMRC and the Horizon Europe Framework Programme on tackling diseases and reducing their burden. Please do write to us for any grant-related queries.

With best wishes,  
ORG Team.
